### **What is the Solidarity Ribbon?**

THSI Solidarity Ribbons are handmade by patients, members and supporters who wear them proudly, to show the world that we stand as one. One belief, that cannabis is safe and effective medicine. One belief, that cannabis is safer for recreation than the legal alternatives of alcohol and tobacco. One belief, that freedom includes access to nature's oldest remedy to heal our wounds and lift our spirits. One belief, that our current cannabis laws need major reform and the War on Drugs has been a failure.

The green ribbon with a red cross symbolizes our right of freedom to heal ourselves as we see fit. Cannabis can heal our bodies, while hemp can heal our planet, our economy, and our society.

Worn in the courtroom, THSI Solidarity Ribbons represent our unity with the defendant. Worn in public they serve to show our peers that they do not stand alone and that intelligent, law-abiding citizen's stand together united for this amazing plant.
